Subject: FW: Permission to host copy of article on IR (WILDLIFEDIS Feedback Form)

Dear Ina Smith,

Please consider this email as my authorization for you to post articles published in the Journal of Wildlife Diseases on the Stellenbosch University institutional repository. Please provide all appropriate citations.

Sincerely,

James N. Mills, Ph.D.
Editor
Journal of Wildlife Diseases

COMMENTS:

Good day

We are in the process of centrally archiving all research output by researchers from the Stellenbosch University on our institutional repository, <http://scholar.sun.ac.za>. This e-mail a kind request for permission to host articles published by the Wildlife Disease Association on our repository. Full acknowledgement will be given to the Association, and

the journal will be properly cited.

Looking forward to your positive response.

Thank you so much in advance.

Kind regards

Ina
